THE LISTENING TAPESCRIPT

From: <http://www.listenAminute.com/p/psychology.html>

I'd like to know more about psychology. I think it's a very interesting subject to study. I'd like to know why I do the things I do. Looking at how the brain works and how we behave might make me understand people more. I'd particularly like to study child psychology. I love looking at children playing, thinking, drawing... doing anything really. But what makes them tick? What goes on in their little minds? Or perhaps I should say their big minds. If we all knew more about child psychology, perhaps we could do more to be a positive influence on children. Being a psychologist must be a very interesting job. Listening to people talk all day and then analyzing their behaviour. I wonder if they ever get bored.

- Make mini-presentations to other groups on your findings.

WRITING

From: <http://www.listenAminute.com/p/psychology.html>

Write about psychology for 10 minutes. Show your partner your paper. Correct each other's work.

HOMEWORK

1. VOCABULARY EXTENSION: Choose several of the words from the text. Use a dictionary or Google's search field (or another search engine) to build up more associations / collocations of each word.

2. INTERNET INFO: Search the Internet and find more information about psychology. Talk about what you discover with your partner(s) in the next lesson.

3. MAGAZINE ARTICLE: Write a magazine article about psychology. Read what you wrote to your classmates in the next lesson. Give each other feedback on your articles.

4. PSYCHOLOGY POSTER Make a poster about psychology. Show it to your classmates in the next lesson. Give each other feedback on your posters.

5. MY PSYCHOLOGY LESSON: Make your own English lesson on psychology. Make sure there is a good mix of things to do. Find some good online activities. Teach the class / another group when you have finished.

6. ONLINE SHARING: Use your blog, wiki, Facebook page, MySpace page, Twitter stream, Del-icio-us / StumbleUpon account, or any other social media tool to get opinions on psychology. Share your findings with the class.
